

Value Methodology Fundamentals (VMF) 1 Training Workshop

Location	Phoenix, Arizona
Dates/Times	<p>April 1-4, 2019</p> <p>Monday, April 1 – 8:00 AM to 5:00 PM</p> <p>Tuesday, April 2 – 8:00 AM to 5:00 PM</p> <p>Wednesday, April 3 – 8:00 AM-5:00 PM</p> <p>Thursday, April 4 – 8:00 AM-5:00 PM</p>
About the Course	<p>This training workshop is designed for individuals involved in business, government, manufacturing, design or construction. You will learn an extremely valuable process to help you make improvements, seek out innovation and opportunities for products, projects, programs and processes (the 4 Ps), and even the way you and your organization does business. This course is the first step toward the certification process. Once you complete this course and pass the VMA exam, you will obtain your first level of certification.</p> <p>Training materials will be supplemented with techniques, team exercises and case studies tailored to the particular student audience.</p> <p>This Value Methodology Fundamentals 1 course materials and instructors have been approved by SAVE International.</p>
Course Outline	<p>VMA and CVS Core Competencies</p> <p>Value Methodology Basics</p> <p>Value Methodology History</p> <p>Value Methodology Certification</p> <p>Concept of Value</p> <p>Six Phase Value Methodology Job Plan</p>
Course Instructors	<p><u>Renee Hoekstra, CVS (Managing Partner, RHA, LLC)</u></p> <p>Renee is a Certified Value Specialist® with over 30 years of experience in the design and construction industry and over 25 years of facilitation and team leader experience. Renee has led over 2500 teams and has supplied training for value engineering for introductory, VMF 1 (formerly Module I), VMF 2 (formerly Module II) certification, and team member training. She has led VE/VA studies and constructability reviews over the past 17 years across the country and abroad. She also provides other types of training in facilitation, communication, leadership, risk analysis, life cycle costing, and risk management. Renee currently serves on the SAVE National Board as Executive Vice President.</p>

Patrice Miller, CVS (Managing Partner, RHA, LLC)

Pat Miller is a Certified Value Specialist® and managing partner of RHA, LLC, a woman-owned business headquartered in Glendale, Arizona. Having worked in the A/E/C industry for over 20 years, she leads teams worldwide through the SAVE International® value methodology to achieve an optimum balance between function, performance, quality, safety, and cost—with the proper balance resulting in the maximum value for the project. She has taught the value methodology for SAVE International® and RHA. In 2014, Pat was recognized by SAVE International® as a “Rising Star.” She has written and presented several papers on the value methodology and serves as advisor for several aspiring CVS® candidates. Pat is active in the SAVE International® Arizona Chapter.

**VMA
Certification
Requirements**

To achieve Value Methodology Associate (VMA) certification, the following requirements will need to be met:

- Select an advisor who is a CVS in good standing
- Successfully complete an approved Value Methodology Fundamentals 1 (VMF 1) course
- Submit and pay the required application and fee*
- Successfully pass the VMA exam

***VMA
Application
& Certification
Fees**

	SAVE Members	Non-members
Application Fee	\$125 USD	\$125 USD
Certification Fee**	\$0 USD	\$300 USD

**The certification fee for SAVE International members is waived, and members will receive a certificate upon passing the exam. Non-member candidates must pay the certification fee after the exam to receive their certificate. Application and certification fees are paid directly to SAVE International through the application and certification process.
